### **Who We Are. How We Help.**

Back Home Safely is a home modification company dedicated to creating safe and accessible homes in New Jersey. Our team of therapists and Certified Aging in Place Specialists use their professional background to provide a FREE in-home evaluation and recommend optimal solutions to help individuals achieve their goal of living in their own homes despite medical compromise. We focus on the person's functional abilities, diagnosis, their goals, and their home environment. Our staff of technicians can complete any of the suggested projects.
